29 October 1954

MEMORANDUM FOR: Assistant Director for Collection and Dissemination

SUBJECT: Clearance of Outside Activity - [REDACTED] 25X1A9a

REFERENCES:

- A. Memorandum from Executive, C&D to C/SCS/SO, dated 30 July 1954, same subject (attached)
- B. Memorandum from Acting Chief, SCS/SO to Executive/CD, dated 24 August 1954, same subject (attached)
- C. Memorandum from DAD/Personnel to Executive/CD thru General Counsel, Assistant Director/CD, dated 8 September 1954, same subject (attached)

25X1A9a 1. After review of the referenced items and an informal meeting with [REDACTED], this office perceives no legal objection to the contemplated outside activity.

25X1A5a1 2. The questions that were raised in the referenced items appear to have arisen from a misconception of the nature of the outside activity. As it was explained to this office, the [REDACTED] 25X1A5a1 is designed to bring placement opportunities and positions desired to the attention of librarians and institutions utilizing the services of librarians by means of a semi-monthly publication. An institutional subscriber would be entitled annually to one-hundred-ten-word lines of advertising and could use its entire quota to describe one job opportunity or split the quota to advertise several positions. An individual subscriber would be entitled to list the same or a different five-line position description in any issue and as often as required during the year.

3. Since the contemplated publication will list only job opportunities and listings of placements desired which have been requested by subscribers, this office does not perceive any conflict of interest in the contemplated activity.
